LAGOODVIBE

A wide-angle photograph of Monument Valley under a blue sky with scattered white clouds. The landscape is a vast, arid plain with sparse green and brown vegetation. In the background, several prominent sandstone buttes and mesas rise from the plain. A two-lane asphalt road winds through the middle ground, leading towards the mountains. A white arrow originates from the text 'PRODUCE YOUR NEXT TRACK HERE' and points down to a small white car parked on the shoulder of the road.
